

Quick Start Guide

The ReferralClick.com web application will allow you to easily look-up other healthcare providers using several search criteria. After logging in the system, you will be taken to the main search screen. To start a search, select the **PROVIDER TYPE** from the black provider bar.

Next, you can select any of the three drop-down boxes to receive more detailed results. You can designate a specialty, location, payor group, all three, or combinations.

Press the large search button to process your provider search. Results are then posted below showing name, city, NPI, phone, and fax. Select a provider to see more information and have access to tools and forms.
